kola table

Kola es una luminaria de mesa diseñada por el arquitecto Patxi Mangado. Su forma geométrica y limpia le confiere una gran versatilidad a la hora de ser utilizada en diferentes ambientes, gracias a su diversidad de acabados (blanco, negro, oro mate y cobre).

El diseño de Kola se caracteriza por su forma de presentar la luz; una elegante zona rectangular que define el concepto de esta luminaria. Su regulación en intensidad, permite lograr una luminaria adaptable a cada momento y espacio.

Kola is a table lamp designed by architect Francisco Mangado. Its geometric and clean shape gives it great versatility when it comes to being used in different environments, thanks to its diversity of finishes (white, black, pale gold and copper).

Kola's design is characterized by its way of presenting light; an elegant rectangular area that defines the concept of this luminaire. Its dimming allows to achieve a luminaire adaptable to every moment and space.
