luxha hexSystem

La familia **luxha**, diseñada por **Rafael Urquiza**, permite dotar al espacio de una imagen única y memorable adaptándose a la perfección con su entorno.

Son unas luminarias muy versátiles, ya que se ofrecen con los perfiles 31x31 (luz directa) y 2+1 (luz directa + indirecta).

En el caso de elegir el perfil 2+1, el equipo va incluido dentro de los propios perfiles, logrando una imagen limpia y minimalista **HexSystem** permite vestir habitaciones y espacios por completo, adaptándose a las dimensiones que sean necesarias.

The luxha family, designed by Rafael Urquiza gives the space a unique and memorable image, adapting perfectly to its environment. They are very versatile luminaires, as they are offered with 31x31 (direct light) and 2+1 (direct + indirect light) profiles.

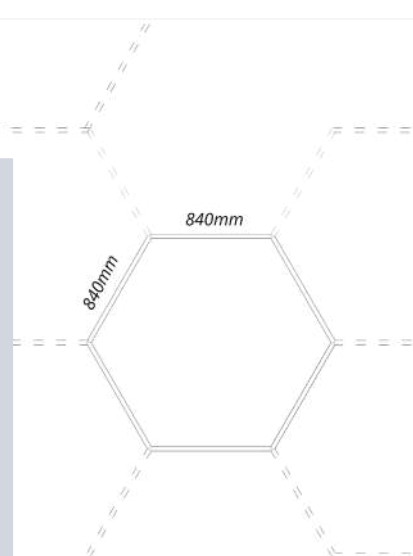

In the case of choosing the 2+1 profile, the equipment is included within the profiles themselves, achieving a clean and minimalist image.

HexSystem allows to dress rooms and spaces completely, adapting to the dimensions required.
